Thank you Marlin and Fiona for the tremendous support!

Inspector Jason Delaney (CC'd) with the Sheriff Highway patrol, has been doing a remarkable job in coordination many assorted activities in Lethbridge. He recently contacted me advising our current compound could accommodate the seized vehicles for an interim period. He is currently making preparation for this and there is 24/7 security on site. If, for whatever reason this should fall through, then we will look to the gravel pit and LCC option as noted below. I understand Rob May is the point of contact (403 388-2963).

Thanks Fiona, they may be going to the gravel pit that Transportation has but I have copied Peter into this to engage with Rob, should we need to go this way. Many thanks to you!

Hi Marlin,

They should be able to accommodate at LCC. Rob May is the centre director there and his number is noted below if you want to have the RCMP connect with him directly.

Hey Fiona,

Talked to Rob and he is good with it and they do have space. Who ever the contact is from the RCMP can reach out to him direct.

Hi Shawn,

With all that is happening at the border, they have encountered a situation where they have a farm tractor, semi and gravel truck that has been seized by RCMP, but they need an interim place to store. Given the size, most yards don't have the space. Would there be room on the property at LCC to have these temporarily located? Can you check with Rob?

Thanks,
